Dear Peter & Barb:

Sandy and I want to sincerely thank you and your staff for the outstanding job you did for us at our party on September 10th at our home.

Before I begin, I have to tell you that Sandy and I have had a few other large parties at our home and in the past we have used another barbeque caterer and so are not neophytes in this area. We had thought, before your arrival, that the other firm was about the best around but you proved us wrong. Your personality, your wife's attention to detail, the friendliness of you and your staff, the presentation and most importantly, the fabulous food you produced, was outstanding and helped to make our party the special event that we wanted it to be.

While this letter is a reflection of mine and my wife's feelings I should also add that of the 150 or 160 people that attended our party, many of them (both during the party and since then) have mentioned to us how terrific the food was and how much they liked it.

Your suggestions of appetizers were terrific. Everything that you encouraged us to select was both delicious and very well received. The effort you put in before the party, setting up the day before and the effort expended during the party combined with the quality of food, all are indicative of a really first-class business but despite the superlative service and quality product, your prices were very reasonable.

Thank you again for the terrific job you did. We will continue to sing your praises and please feel free to use this letter of reference at any time you wish. We are already planning for our next party and when the time comes you will certainly hear from us. Thanks again!

Sincerely,

Jim & Sandy Julia
